Independent Auditors' Report

Board of Trustees and
Citizens' Bond Oversight Committee
Santa Barbara Community College District
Santa Barbara, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Measure V General Obligation Bonds (the Bond Construction Fund) of the Santa Barbara Community College District (the District) as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, as required by Proposition 39. These financial statements are the responsibility of the Santa Barbara Community College District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and the fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

**Board of Trustees and
Citizens' Bond Oversight Committee
Santa Barbara Community College District
Page 2**

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure V Bond Construction Fund of the Santa Barbara Community College District as of June 30, 2013, and the results of operations for fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Measure V Bond Construction Fund
Notes to the Financial Statements
June 30, 2013

Note 1: Measure V Bond Construction Fund Background

The Board of Trustees of the Santa Barbara Community College District (the District) has established a Citizens' Bond Oversight Committee to ensure that the proceeds of the Measure V General Obligation Bonds issuance are used for the purposes stated in the resolution which placed Measure V on the 2008 ballot. The Measure V General Obligation Bonds initiative authorized the issuance of \$77,000,000 in bonds. The proceeds from the bonds are to be used for projects such as modernization of deteriorated classrooms, buildings, laboratories and instructional equipment and the construction of new classrooms and laboratories; expansion, renovation or conversion of existing space to expand existing vocational and continuing education training programs; technology upgrades, improvements for campus safety and repair; replace and upgrade electrical and mechanical system. All projects to be funded under the Measure V Bond Construction Fund must be approved by Board of Trustees'. The bond proceeds and project costs are accounted for in the District's Bond Construction Fund. The District has established a Bond Charging Policy to outline the allowable expenditures for the Measure V Bond Construction Fund's related costs. Such policies specifically state that no funds will be spent for teacher or administrator salaries or for operating expenses.

All projects are managed by the District's Senior Director of Facilities, Planning and Campus Development or designee. The District's Senior Director of Facilities, Planning and Campus Development is responsible for managing all program-related activities, including the maintenance of the District's master schedule to the master program budget.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The accounting and financial treatment applied to the Measure V Bond Construction Fund is determined by its measurement focus. The Measure V Bond Construction Fund is a governmental fund and is accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance for this fund presents increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Fund Accounting

The operations of the Measure V Bond Fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Measure V Bond Construction Fund
Notes to the Financial Statements
June 30, 2013
Page 2

Note 2: Summary of Significant Accounting Policies (Continued)

Cash in County Treasury

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Santa Barbara County Treasury, an external investment pool. The County pools these funds with those of other governmental entities in the county and invests the cash. These pooled funds are carried at fair value. Interest is earned based on average daily balance and is deposited quarterly into participating funds. Any investment gains and losses are proportionately shared by all funds in the pool. The County is restricted by the California Government Code to invest in obligations issued by the United States Treasury; obligations, participations, or other instruments of or issued by a federal agency or a United States government sponsored enterprise; obligations of state and local agencies of this State; bankers acceptances; commercial paper; negotiable certificates of deposit; repurchase agreements; medium-term corporate notes; as well as other investments established by the California Government Code. The County's report discloses the required information in accordance with Governmental Accounting Standards Board Statements No. 3 and 40. Pooled investments are not required to be categorized by risk category.

Fund Balance

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components in accordance with GASB 54 – nonspendable, restricted, committed, assigned, and unassigned. The District has not formally adopted a spending policy regarding the order in which restricted, committed, assigned, and unassigned fund balances are spent when more than one amount is available for a specific purpose. The components applicable to the District's Measure V Bond Construction as of June 30, 2013 are as follows:

Restricted - The portion of fund balance representing resources subject to externally imposed and legally enforceable constraints imposed either by external resource providers, e.g. grantors or creditors, or by law through constitutional provisions or enabling legislation.

Note 3: Excess of Expenditures and Other Uses Over Appropriations

There was no excess of expenditures over appropriations in the Measure V Bond Construction Fund as of June 30, 2013.

Santa Barbara Community College District
Measure V Bond Construction Fund
Notes to the Financial Statements
June 30, 2013
Page 3

Note 4: General Obligation Bonds

On June 3, 2008, \$77,242,012 in General Obligation Bonds were authorized by an election held within the Santa Barbara Community College District. On December 11, 2008, \$47,000,000 of the general obligation bonds were sold under Proposition 39 (Measure V), which provides that proceeds of the bonds will be used to acquire, construct, renovate, furnish and equip school facilities and grounds, and make Santa Barbara Community College District eligible for millions in State matching funds. In May 2013, an additional \$15,000,000 of the general obligation bonds were sold under Proposition 39 (Measure V).

The outstanding general obligation bonded debt for the Measure V Bond Construction fund of the District at June 30, 2013 was as follows:

<u>Date of Issue</u>	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Amount of Original Issue</u>	<u>Bonds Outstanding June 30, 2012</u>	<u>Issued During Year</u>	<u>Redeemed During Year</u>	<u>Bonds Outstanding June 30, 2013</u>
2008	3.50% - 5.25%	2034	\$ 47,000,000	\$ 44,805,000	\$ -	\$ 180,000	\$ 44,625,000
2013	1.25% - 5.00%	2039	\$ 15,000,000	\$ -	\$ 15,000,000	\$ -	\$ 15,000,000

At June 30, 2013, the annual requirements to amortize the above general obligation bonds outstanding were as follows:

<u>For the Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 285,000	\$ 2,702,944	\$ 2,987,944
2015	1,740,000	2,809,337	4,549,337
2016	1,825,000	2,762,881	4,587,881
2017	1,230,000	2,714,350	3,944,350
2018	1,305,000	2,662,613	3,967,613
2019-2023	9,330,000	12,137,825	21,467,825
2024-2028	14,995,000	9,199,575	24,194,575
2029-2033	20,510,000	4,764,969	25,274,969
2034-2038	7,605,000	753,431	8,358,431
2039	800,000	20,000	820,000
Total	<u>\$ 59,625,000</u>	<u>\$ 40,527,925</u>	<u>\$ 100,152,925</u>

**Independent Auditors' Report on Internal Control Over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

Board of Trustees
The Citizens' Bond Oversight Committee
Santa Barbara Community College District
Santa Barbara, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial statements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure V General Obligation Bonds (the Bond Construction Fund) of the Santa Barbara Community College District (the District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Bond Construction Fund's basic financial statements and have issued our report thereon dated December 9, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**Board of Trustees and
Citizens' Bond Oversight Committee
Santa Barbara Community College District
Page 2**

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purposes.

Agreed-Upon Procedures

**Independent Accountants' Report on
Applying Agreed-Upon Procedures**

Board of Trustees and
Citizens' Bond Oversight Committee
Santa Barbara Community College District
Santa Barbara, California

We have performed the procedures enumerated below for the Measure V General Obligation Bonds requirements administered by the Santa Barbara Community College District (the District). The tasks we undertook were agreed to by the District's officials and were performed solely to assist the District and its management in fulfilling its oversight responsibility surrounding the administration of the District's Measure V Bond Construction Program under Proposition 39 requirements for the year ended June 30, 2013. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

A. Procedure

Review compliance with the expenditure provision/restrictions in the Measure V Bond Issuance, including testing that teacher and administrative salaries, and operating costs have not been charged against Measure V monies.

Results

We obtained and inspected the expenditure provisions/restrictions imposed by the Measure V Bond Issuance. Of the transactions we tested (See Procedures C-G below), we noted that the District was in compliance with the expenditure provisions/restrictions in the Measure V Bond Construction Program.

**Board of Trustees and
Citizens' Bond Oversight Committee
Santa Barbara Community College District
Page 2**

B. Procedure

Reconcile Measure V Bond Issuance project costs of the Santa Barbara Community College District General Obligation Bonds, Election of 2008 as of June 30, 2013, with the general ledger prepared by Santa Barbara Community College District staff.

Results

We obtained the general ledger prepared by District staff and reconciled it to the Measure V Bond Construction Fund's project costs for the year ended June 30, 2013.

We obtained the total project costs summarized in the Banner Financial Reports (Banner) for the District's Bond Construction Fund as of and for the year ended June 30, 2013 and compared them to the District's expenditures for the same time period. We noted no exceptions.

C. Procedure

Haphazardly select fifteen (15) expenditures and test the appropriateness of the classification to the project list of the Measure V Bond Issuance list of projects and that the project was listed in the Bond approved by the voters.

Results

Utilizing a listing of Measure V Bond Construction Fund expenditures provided to us by the District's management, we compared fifteen (15) Measure V expenditures (object codes 10-60) to Measure V expenditure classifications (projects and programs). We further reviewed the project list approved by voters for the Bond and ensured that expenditures related to a project approved by voters.

Based on the testwork performed, we noted no exceptions.

D. Procedure

Select five (5) change orders and review for appropriate authorization.

Results

We selected five (5) change orders noting appropriate authorization by the District's board.

Based on the testwork performed, we noted no exceptions.

**Board of Trustees and
Citizens' Bond Oversight Committee
